

## PRESCHOOL CORNER

Week four, Week four, Regesh is the best for sure! Wow, we cannot believe we have had 4 awesome weeks of camp already. Time flies when you're having fun! And week 4 was TONS of fun!

Our kindergarten bunks were treated to a day at Catch Air! Excitement was in the air as we loaded the buses and headed off for a day of action and fun! Campers climbed and played with their counselors and friends, what a great way to spend time together. Nursery and Pre-K Bunks, stay tuned for trip info to follow in the coming weeks.

The heatwave had everyone giggling and laughing as we enjoyed some zany water races found only at Camp Regesh! It was hilarious to watch as campers and counselors competed to beat the heat! Water balloons, sponges, water squirters and more, Regesh water races are so wacky! Bunks also enjoyed boating, making our very own giant bubbles, water tables and splash pads to keep cool. Regesh Preschoolers were also lucky to have a special bonus round of water slides brought in for us on Wednesday!!!

Could it be Thursday already? Thursday ushered in a huge moonbounce just for us! Jumping and playing with friends has never been so fun! We also loved playing limbo and jumbo this week. Regesh Preschoolers are super flexible!

We had such a GREAT week, we just can't wait for next week! Preschool Monkey show, Israel day and more! ONLY AT CAMP REGESH!

Shabbat Shalom, **Morah Gila**, program director

# REGESH REVIEW 2024

## D'VAR TORAH

The Apter Rav, shared with his students,  
"The mitzva of Ahavat Yisrael is so important,  
You can find it in every Parsha's name",  
The students smiled, was he playing a game?

His students asked, mouths open with shock,  
What about this week, Parshas Balak?  
That's easy he said, ל וְאָהֲבֵתָּ בּ = לרעה = ל  
And smiling he said, ק, stands for קְבוּרָה!

One student then asked, what was there in plain sight,  
Bur Rebbe, your hint... well... it isn't spelled right!  
Said their rebbe, if you're so exacting - and each detail you probe  
You'll NEVER love another yid - not one yid on the globe.

So he dresses differently and she's into that,  
Inside every yid there's a neshama intact.  
Don't be so exacting, overlook any "flaws"  
We're family, we're Yidden, despite our faults.

Every Yid is so different and has their own path,  
Love them all, even if you can't add up the math!  
לְרַעַךְ לְרַעַךְ אוֹהֲבֵתָּ לְרַעַךְ it's true:  
Love every Yid: even if they're NOT just like you!

Shabbat Shalom

### spotlight on a SPECIALTY

Where in camp can you find music blaring, enthusiastic campers and an electric atmosphere?? You must be by Pioneering!!! It is here that campers make insanely GIGANTIC bubbles that wrap around, over, under and way up! Watch out for paint rockets that shoot up from a scientific recipe that campers mix together. Stay tuned for the first time ever Camp Regesh Bazooka Putty coming up!! Thank you to our Pioneering Head Tova (girls and preschool) and Elisha and Eitan (boys camp) for providing our campers with these zany, crazy fun activities!

## GIRLS CAMP

Has half the summer already flown by?!?!? Week 4 topped this month with a rocking color war, awesome trip, drumming, dancing and more!!

Color war 2024 was surely a year to remember!! The heat was no match for our incredible Regesh Ruach and energy! Zerizut vs Hoda'ah, yellow vs pink! What an epic showdown! Sports, dance off, insane water relay races- the days were full of competition! Banner, cheers, theme song... each team really gave it their all! Thank you to our incredible captains! Suri Steinmetz, Daphna Katz and Ariella Reiz from team Yellow and Esther Spear, Leeba Pariser and Michal Baum from team Pink for giving color war your absolute all!!! You showed us what true sportsmanship and Achdus looks like!

The 3s make a splash! On Wednesday, it was time to escape the heat and have a blast at Runaway Rapids Water Park! Slides, lazy river, splash pads, tubes and more, the 3s surely know how to show us a good time!!

Thursday saw tons of oversized balls rolling into camp... what is going on?? It's drumsticks too?? Ohh, Drumming in Motion is here to pound it out with Girls Camp! Pounding, bopping and dancing, Regesh girls have got the spirit we all had a blast following our favorite songs in an incredible drumming dance party!

Leagues are still in full swing in our upper divisions. With championships drawing close, the competition has been heating up! We can't wait to see who our winners will be!

Fridays theme activity was an awesome game of BREAKFAST BINGO!!! How many wins did your bunk earn?? We ended the day with an incredible Shabbos choir put on by bunks 5A and 5B. And before we knew it... week 4 was over!!

Although half the summer has passed, we still have so much more to go!!! Week 5 brings along the incredible magic of Alex Mehl, Israel day, there's also Extreme Water Tag and an exclusive 5s and Rakefet trip! What a way to pack in the week!! I can't wait to see you all back on Monday for another week- ONLY AT CAMP REGESH!!! Remember to say some Tehillim and have a Shabbat Shalom!

Shabbat Shalom! **Chaya Aidy Liff**, program director

## BOYS CAMP

Ok ok, I'll admit, being invited for breakout again was amazing! I made time in my busy schedule (between all the bookings and speaking engagements) to interrupt Grillmasters- but Ha! I'm getting ahead of myself! Week four began with Musical Monday and a mouthwatering Cooking Competition known as Grillmasters! Where our 6/7/8 campers prepared juicy burgers for our esteemed Panel of Judges using mystery "have to use" ingredients and regular (salt, pepper, etc.) ingredients as well! Also featured were some hilarious commercials featuring our staff! Thank you to Evergreen, Sterns rugelach and the Hot Tamale people.

And then... as everyone was being dismissed, the lights went out and out came ME!!!! As "the ghost of Fenny " it took a lot of rehearsing and makeup to get to look that ghastly... I did what I have proudly done before! I broke out World Cup against the Head Staff's wishes (at least I think so). The next two days were filled with one of the most rocking pumping World Cups Regesh has ever seen as Arizona Blue faced off against New Mexico Yellow in a fierce competition! World Cup Soccer, songs, skits, challenges and more all added up! And the winner is... Arizona Blue!!

We jumped straight back into action with off the charts concert from guitarist extraordinaire Aryeh Kunstler! He sang his hit song (that he produced) Tatte my King, and literally rocked the gym!

Championships are underway as we speak... Congratulations to Romeim Champions Yitzy and Yaakov's bathing suits for not only winning the championships but also remaining undefeated throughout the season! We'll report on Yuds and Chufs and Intermediate Champions next week!

We finished the week and first half with a beautiful Oneg Shabbos in the gym and trophies to our champions.... but we are just getting started!

Next week! SECOND HALF! We can't wait to welcome some new staff and campers who are joining us on the Back of the Wagon here this summer! Making his Regesh Return is Alex Mehl! Our hearts turn East this Wednesday for Israel Day! Camp Regesh Leagues Season 2! And don't forget a bathing suit for Water Tag Extreme! And of course, stay tuned for plenty of surprises!

Until next time, Fenny (i gotta get this makeup off though... Hello, does anyone have a tissue? a wipe?)

Shabbat Shalom and a meaningful fast, **Rabbi Moshe Auslander**, program director
