REGESH
REVIEW
2026

D'VAR TORAH

The people were sad, defeated and down,
A plague due to our sins, was killing Jews all around.
No one stood up- nope, nobody did,
Except for one Tzaddik, except for one Yid.

Pinchas stood up and knew just what to do,
He killed the sinning Zimri, and he killed Kazbi too.
The reward he received, for bringing peace is-
Hashem made him a kohein and he visits each bris!

The daughters of Tzlaphchad showed their love for our land,
When their neighbors and friends said, "It's time to disband-
Let's go back to Mitzraim!" but his daughters, all five
Demanded their portion- they couldn't wait to arrive!

To Avraham and Noach, the Midrash compares them,
Both alone, against the world! No one could scare them;
They both received the reward, of their entire generation,
Our subjects as well received way more than their ration.

Our Tzaddikim say, that when an opportunity is missed,
The potential reward for the mitzvah still exists!
If we stand up for what's right- if we stand 'cuz we care,
We can receive more brachot than our allotted share!
When we go against the grain, and stand up for Hashem,
The reward will be beyond what we can comprehend!

Shabat Shalom
