REGESH
REVIEW
2026

D'VAR TORAH

40 years, in the desert sand,
Heading towards the Promised Land.
42 stops along the way,
All spelled out in Matot-Masei.

"Hashem's ways are straight", Hosheya says,
Tzaddikim walk "in them", Reshaim stumble instead.
The word "BAM" (Bet, Mem) means "in them" and it equals 42,
The 42 stops, in the life of each Jew.

Beneath the surface, it goes deeper, you see,
For our path in the midbar was all squiggly.
"The path of Hashem", is not straight at all,
Unless someone heeds his Neshama's true call.

A "Rasha" assumes all will go smooth,
Perfection, no hurdles, no reason to lose.
Yet stumble he will, when his path takes a turn,
Without Emunah in Hashem, he will just crash and burn.

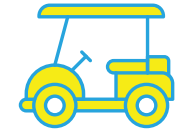

Yet a Tzaddik knows, that squiggly is straight,
The road twists and it turns, and frankly, that's great!
Every bump in the road, steps forward and back,
Are all straight to Hashem... we're on the right track.

Shabat Shalom
